

# AMNA QASMI

WEB-DEVELOPER

## PROFILE

*I am currently enrolled in the PIAIC (Generative A.I.) course and am focusing on development using Next.js as a framework. I have experience with HTML, CSS, Python, JavaScript, and TypeScript. Recently, I completed a project where I developed a full-stack application using Redux, Stripe, Next.js, React.js, and Sanity for the back-end. I am eager to gain work experience and improve my development skills.*
